---

I'm a Front-End developer with experience building responsive and friendly digital experiences. I've been studying civil engineering for 3 years till I met programming and opt to follow that way studying by myself. Now I'm graduating in Mobile Development to fill some gaps in my knowledge and also I study Web Development with the help of a course.

---

## **EXPERIENCE**

### **Ministry of Industry, Foreign Trade and Services - Internship**

I developed a collaborative platform of studies and knowledge, that would be used for more than 200 ministry employees. The project was approved and announced by the then minister Marcos Jorge de Lima in an official meeting.

### **Bukan School of Krav Maga - Instructor**

Since 2015 I have taught self defense for more than 300 students as Bukan School of Krav Maga Instructor, an international school of Israeli martial art at Team Pride Fight Center.
